Planning for Preservation in Pennsylvania

Invited Partners

C₂

We believe that it is critical to involve a broad and diverse audience in the statewide preservation planning process. Public input and the perspectives and opinions from our Partner organizations and agencies create the platform from which a good, practical, and positive statewide plan is developed.

The following organizations have been invited to join the PA SHPO and the State Plan Task Force as a Partner in our 'Community Connections: Planning for Preservation in Pennsylvania' efforts.
